

Search Website Reference Materials

DID YOU KNOW . . . you can search the reference materials on MicroImages' web site using the keyword(s) of interest?

What Searching Website Reference Materials Gives You

- Search entire website for the keyword(s) of interest
- Limit search results to specific categories of information
- Access to documentation indexed by Google

Click on any of these buttons to search information resources.

Search TNT Documentation

Google Custom Search powered by Google

Enter the keyword(s) of interest and click on the Search button to search all reference materials.

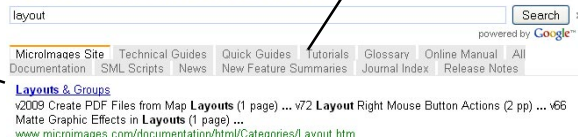

Technical Guides are one-page feature summaries that give a quick what-and-how

Tech Guides, Quick Guides, and tutorials can also be installed and searched on your local computer. See the Quick Guide entitled *Access Documentation on Local Computer*.

Click on any of the information categories to narrow the search results.

Search TNT Documentation

The reference materials with the keyword are listed with links.

How to Search Website Reference Materials

- Go to www.microimages.com, and click on one of the Search buttons; or
- Select Help / Search Web from the TNT menu bar.
- Type the keyword(s) of interest and click on the Search button.
- Click on the desired link, or first
- Click on the desired category of information to narrow the results shown.
